About This Game

One Day for Revenge - bloody indie shooter with a view from above.

A beautiful morning, fresh air, a trip to the maternity home, it would seem, did not foretell any ills. But fate has its own plans. You go back for forgotten keys, at this moment your pregnant wife is hit by a car. Lucy is dying. The culprit is hiding from the scene on the yellow SUV. The investigation is under way, but there is no result. The police are silent. The offender is not caught.

Evidence is missing from the archive, it is obvious that the case is being closed.

It's time to take justice into your own hands. Find the guilty and avenge the death of your beloved and unborn child.
